Dear Fraters,

The DC TKE Alumni Association has partnered with LinkedIn, a free, professional networking tool that helps you discover inside connections to recommended job candidates, industry experts, and business partners. Through LinkedIn, you can accelerate your business effectiveness and career success by leveraging the network you already have established. LinkedIn makes it easy to receive and seek out opportunities through your extended network while protecting your privacy, your inbox, and your existing professional relationships.

LinkedIn is currently used by over **10** million professionals across the globe. When you join, you create a profile that summarizes your professional accomplishments. Your profile helps you find and be found by former colleagues, clients, and partners. You can add more connections by inviting trusted contacts to join LinkedIn and connect to you.

The DC TKE Alumni Association has created the DC TKE Alumni Group via LinkedIn in order to maximize our fraters' ability to network in their profession. You are invited to join the DC TKE Alumni Group on LinkedIn. Joining will allow you to find and contact other DC TKE Alumni on LinkedIn. The goal of this group is to help members:

- Reach other members of the DC TKE Alumni Association
- Accelerate careers/business through referrals from the DC TKE Alumni group members
- Obtain more than a name – view professional profiles from fellow DC TKE Alumni group members

For more information, or to join LinkedIn, please visit www.linkedin.com. Once you have joined LinkedIn, please join the DC TKE Alumni Group invitation:
